**Ruby Ray Invocation for the Removing of the Genetic Tares
(given by Mother during a Prayer Vigil, April 19, 1990)**

Beloved Mighty I AM Presence, beloved Lord God of hosts, I call forth thy light in this hour. Beloved Lord Jesus Christ, beloved Lord Maitreya, beloved Lord Gautama Buddha, beloved Lord Sanat Kumara, I call directly to the heart of beloved Helios and Vesta and the Great Central Sun Magnet, beloved Alpha and Omega, beloved Seven Mighty Elohim of God. Come forth, mighty hosts of the Lord Surya and Cuzco! Come forth, armies of light! O come forth, legions of the Great Central Sun of Hercules and Amazonia! Come forth, Archangel Michael and the Seven Mighty Archangels.

I call for the binding of the dweller-on-the-threshold of the seed of Lucifer and the seed of Satan on the three o'clock line. Bind that dweller-on-the-threshold and every vestige of that human or luciferian pride sown genetically into our own consciousness while we slept, as the tares among the wheat.

Almighty God, come forth! Come forth, Lord Christ! Come forth now to purge us. We claim the light and we claim the genes of Almighty God. And we call for the genes of darkness used to manipulate us, even as splinters of darkness, to be now taken out of ourselves, our four lower bodies, the subconscious, the unconscious, our own genetic code, our own bloodstream and mind. Let them be taken out now by the mighty needle rays of God. Let the needle rays of God and Mighty Cosmos' secret rays probe and penetrate and remove from us all points of vulnerability within us including fear and doubt and imperil, anger and rebellion against God and all that is in the unconscious.

Almighty God, bind it now by the power of the sword of the Ruby Ray, by the power of the sword Excalibur. Come forth, Buddha of the Ruby Ray. Come forth, Astrea and Purity. Now take from us fear, doubt, human questioning and the records of death as we do face the challenges whereby God would bestow upon us the God-mastery of the age of Pisces.

O Lord Jesus Christ, for all the reason that you have walked this earth and come to deliver us, we stand in this hour that we might endure to the end and receive your promise of the crown of everlasting life. O beloved heart of Jesus, O beloved Sacred Heart, thou who hast said unto us that to endure unto the end is our calling, we would endure unto our absolute God-victory over that line of fear, doubt, human questioning and the records of death.

Therefore, we call to the hosts of the Lord from cosmic heights, from the very heights of heaven to descend now. Bind Death and Hell that would move against us and all of its agents in and out of embodiment! Bind the aliens and the fallen ones, the Nephilim gods, the Watchers and their mechanization man, the laggards and their evolutions.

Blaze the light through! Bolts of blue lightning! We demand " binding of the dweller-on-the-threshold through the government, through the false church, through the press itself. We demand the action of the sacred fire for the binding of all citadels of power that have been used to bind the children of the Light upon this planetary body for centuries.

I call in this hour for the Ruby Ray to descend and for the ruby sword and the sword Excalibur for all those whose time has come by this date and hour, O God. Let them be bound by the hosts of the Lord and removed from the planetary body. Lighten our load, O God, and give us more light. Even so, we are here and we cry, O the burden of the Lord, the burden of the Lord, the burden of the Lord, let it be upon us.

Let there be the new beginnings. And, as for us, wash us clean. Let the purging fire of the Messenger of God descend.

Even so, come quickly, our Holy Christ selves, into our temples now. We are prepared, O God. And because thou does chasten us we know that we are loved. Therefore, chasten us, O God, by the ruby fire and let us emerge your servants that we might truly deliver this planet. This is our only desire and our only goal.

And therefore, Gautama Buddha, we beseech you to separate us out from all wrong desire, all inordinate desire, all that is less than thy desiring in us. O God, deliver us and we thank thee for delivering us in advance. For we know we shall emerge unscathed from this entire battle of Armageddon. Therefore, bind the forces of darkness now!

In the name of the Father, the Son, the Holy Spirit and the Divine Mother, Amen.
