

I claim Victory now!

In the name I AM THAT I AM I claim Victory now in all 2024 elections across America and the offices of the President and Vice President. I claim Victory for every God ordained candidate. I reclaim America through seats of authority in Government. This is the year the status quo crumbles and we collapse the very foundation of the power elite! Thus far and no farther, you shall not pass!

Beloved Goddess of Liberty raise Freedom's torch! Roll back oppression in America, protect our inalienable

rights. I declare this day in the name I AM THAT I AM the oppressors of Freedom are bound!

Beloved Cyclopea open the third eye of every US citizen that they will discern and cast their vote for those who will lead us back to Freedom, to Peace, to Prosperity in the Heart of Almighty God

Beloved Archangel Michael, Beloved Justinius, Seraphic Hosts and the Mighty Blue Eagle from Sirius, take command of all aspects of this 2024 election cycle at every level. Saint Germain and all seventh ray Masters transmute the seeds of manipulation of this voting cycle the instant the thought is conceived, rendering them impotent.

Mighty Legions of Light, place your electronic presence over every voting facility, ballot and ballot box, registrar, moderator, poll worker and checker, every Secretary of the State, all those charged with overseeing the integrity of the electoral process and protect them from all negative energies that seek to undermine and overthrow the authority of We the People through unethical and illegal voting practices including but not limited to bribery, blackmail, extortion, any and all forms of manipulation.

Bind and expose ballot harvesting, votes cast by unqualified individuals, multiple votes per person and votes by dead and fictitious individuals. Bind and expose all attempts of blackmail, extortion, pay-offs and voter intimidation.

Holy, Mighty Servants of God's First Ray place an impenetrable ovoid of blue fire around all electronic voting systems and tabulators, the Internet, the software and memory cards used to cast and count votes. Stabilize all touch screens. Protect them from malware, algorithms used to manipulate counts and outcomes. Secure, reinforce and intensify all firewalls. Refine all detection systems to give enhanced visibility into detection of any attempted intrusion or manipulation. Repel and prevent any hacking or manipulation of any individual vote or voting machine, including early voting and absentee ballots.

Beloved God Purity, Mighty Seraphim and the Mighty Blue Eagle from Sirius sweep through the media to restrain and bind premature reporting of winners and losers in each time zone, East to West using early results as a tool to discourage voters from casting a vote because they are led to believe the winner is already decided.

I call to Archangel Michael, Mighty Hercules, El Morya, the Seraphim, the Mighty Blue Eagle from Sirius and all Cosmic beings serving on the first ray to descend during this election cycle for it's full protection against compromise through manipulation of weather patterns, earth changes, natural disasters, false flag events and damage to, or interruption of, the power grid or Internet. Bind all attempts to use fear through anarchy, chaos, violence or terrorist attacks to keep citizens from casting a vote. Bind the release of pathogens as tools by which to instill fear in, and to seize control of, the citizens of the

United States. Bind attempts to leverage an outbreak of illness as an excuse to change voting processes, procedures and protocol outside of our established system for managing them.

I pronounce a woe on the sinister force, it's puppets and puppet masters that seek to define the outcome of elections, that seek to destroy the Republic of the United States of America. I call for the judgment of the Lord to fall upon them now and upon their nefarious deeds. Let Archangel Michael and the armies of Heaven descend now for their binding, let the Sword of Astrea sever the tentacles now that attach their activities to the life streams of America and the planet. Cut us free from the shadow government and satanic forces that have infiltrated governments and organizations across the globe.

This call goes out to the entire Hierarchy of Light - Elohim, Chohans, Bodhisattvas, Archangels, Cherubim, Seraphim, and all Angelic ranks, echoing out to the entire spirit of the Great White Brotherhood to direct those God Qualities of the Ray on which you serve into every jot and tittle of process, thought and gap where we require your Heavenly assistance to SEIZE, PIN, AND BIND nefarious forces in this election cycle.

In the name of the Christ, in the name of the I AM THAT I AM, I command and demand PEACE! And I invoke the power of Peace through the Elohim Peace and Aloha. Peace is manifest everywhere, bringing this nation to peaceful, Ascended Master solutions to all challenges of this election cycle, to mitigate civil unrest, and for the full restoration of the Fiery Destiny and Divine Blueprint of America, and Earth as Freedom Star.

America, AWAKE! Reclaim your Divine Blueprint and your Fiery Destiny Now!

It is done, it is sealed, it is finished, for the mouth of the Lord hath spoken it!

Amen.
